

Life@Home **MAKES LIFE EASIER**

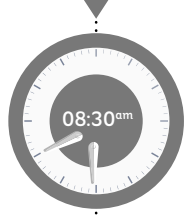

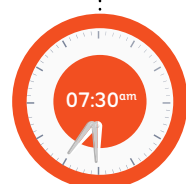

Life can easily get out of hand for working mothers, but since Navashnee started using the **Life @ home services**, her life is a breeze. Let's have a peek at a day in Navashnee's life.

She goes to **SELL, SWAP, BUY** and uploads the toys her children (and husband) have outgrown.

On the way to work her tyre bursts; she phones **EMERGENCY HELP**, and after a short wait her tyre is fixed.

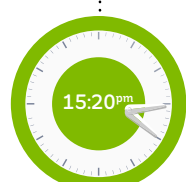

Her daughter phones – she forgot that she needs cupcakes for school; Navashnee asks **INFO@24/7** to source them.

During her tea break, she visits the **ONLINE SHOP** to buy a gift for her sister – she gets a great discount.

She calls **MY COVER** to help her review and plan her personal budget.

Her neighbour tells her that her son broke his window while playing soccer. She contacts **EMERGENCY HELP** and they're on it.

Both her children are speaking to **Tutor on Call/Dial A Teacher**, while doing their homework. It's a service that offers qualified assistance in all subjects for grades 1 to 12.

Navashnee and her husband use **EASY HOLIDAYS** to plan their summer holiday.
